## Neighborhood Scavenger Hunt

Can you find all six things on a walk around your neighborhood? Draw or take a picture of the things as you find them, and feel free to tag any cool finds @ptmarinescictr on Instagram!

*Remember to be a good neighbor! Respect social distancing on your walk, leave all critters where you found them, and pick up any trash you see.*

### Find a plant growing in an unexpected way.

*What is different about it?*

*How would you expect that plant to grow?*

### Listen for a new or interesting sound.

*Can you see what is making the sound?*

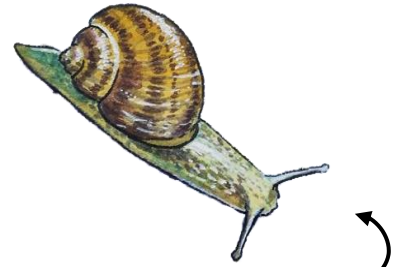

*Do you think the sound is natural or human-made?*

### Find something that connects to the ocean.

*What did you find?*

*What is the connection?*

*You might also see these critters:*

brown garden snail

sword fern

orange belted  
bumblebee

dark-eyed junco

**Find the most colorful bug.**

*Where did you find it?*

*What do you think the bug is doing?*

**Find something that is really old.**

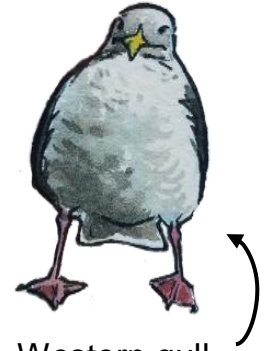

*What did you find?*

*How do you think it got there?*

**Find something brand new.**

*What is it for?*

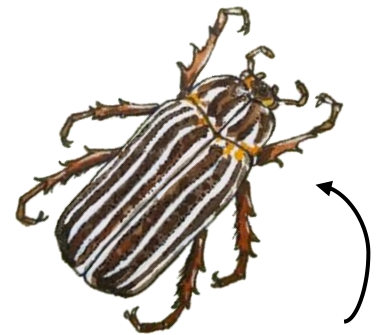

*How long do you think it will last?*

Western gull

green darner

ten-lined June beetle

fruit tree

**The coolest thing I found was:**
