## Tide Pool Scavenger Hunt

Can you find all six things in the tide pools near PTMSC? Draw or take a picture of the things as you find them!

*Remember to be a good tide pool visitor! Watch your step, leave plants and wildlife where you found them, and don't roll any rocks around.*

### Find an animal stuck to a rock.

*What does it look like?*

*Why do you think it's stuck?*

### Find the biggest piece of seaweed you can see.

*What does it smell like?*

*Would it look the same underwater?*

### Find something that doesn't belong in the tide pools.

*What did you find?*

*How do you think did it get there?*

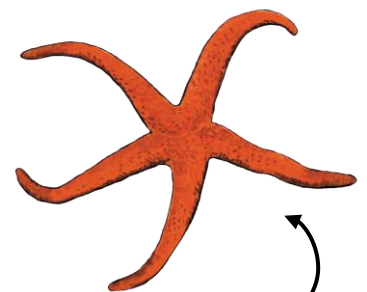

*You might also see these critters:*

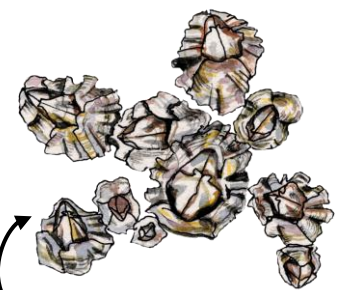

aggregating anemone

breadcrumb sponge

blood star

acorn barnacle

**Find signs of an animal that is no longer there.**

*What kind of sign did you find?*

*What animal do you think made it?*

**Find an animal that you didn't see at first.**

*How is it hiding?*

*Why do you think it hides that way?*

**Find the smallest tide pool you can see.**

*What does the water feel like?*

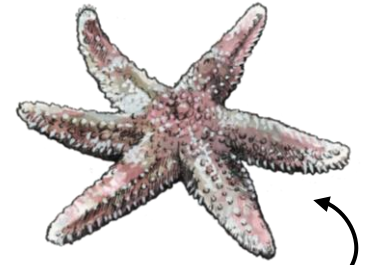

*Does it feel the same as the water outside of the tide pools?*

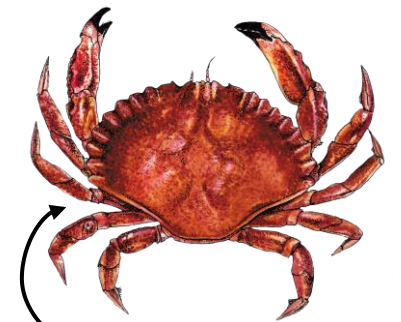

mossy chiton

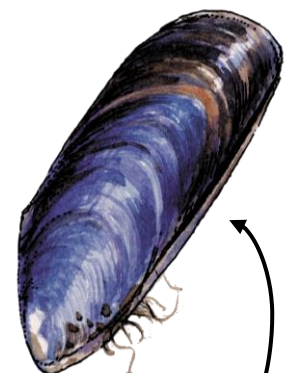

sea lemon

six rayed star

red rock crab

blue mussel

**The coolest thing I found was:**
